Andy Swartz, Ext. 317 PHS legal department*

*Dear Andy,*

*I am writing this letter to insist that someone do something to help Patrick Swiney see a cardiovascular surgeon for evaluation and treatment for his heart condition. This is per the cardiologist's orders in April 2005. See specifics of his heart condition at <http://www.patrickcrusade.org/CardiovascularSurgeonneeded08-19-05.pdf> An appointment must be scheduled for Patrick to see a specialist and it needs to be done NOW! We are all human beings, and Patrick Swiney needs to be treated like one and be given the proper medical attention that he deserves. PHS needs to follow the doctor's orders from April 2005!*

*I hope some action is taken quickly. Many others and myself are writing and emailing to officials with the intent that someone will do what should have been done many months ago.*

*Thank you for your swift cooperation regarding the care of Mr. Swiney.*

*Debbie Sandherr,*
